- In respect of pending applications for SEZs, these may be processed for in-principle, formal approval and, notifications subject to the conditions that the state government would not undertake any compulsory acquisition of land for such SEZs.
- Upper limit of the area required for multi product SEZs to be fixed at 5000 ha. However, State Governments may prescribe a lower limit.
- A comprehensive Resettlement and Rehabilitation Policy be worked out ensuring livelihood from the project to at least one person from each displaced family.

Based on the above recommendations, Government of India has decided that Board of Approval (BoA) will not approve any SEZ where the State Govenments have carried out or propose to carry out compulsory acquisition of land for such SEZs after 5th April 2007. However, cases in which all persons interested in the land either have not submitted any objection under Section-5A or have withdrawn the objections submitted and have thus acquiesced in the proposed acquisiution of land may be considered. In other cases, where there are objections under Section-5A, the Collector/Acquiring Authority may not proceed with the acquisition for the purpose of SEZ and such cases, if any, brought before the Board of Approval may not be considered.

Government of India also constituted another Empowered Group of Ministers to consider amendments to the Land Acquistion Act and Resettlement and Rehabilitation policy.
